Associate Priest's Letter

I think it is something that we all come to experience and appreciate as we get older that we never know what is coming round the corner. On a global level we have a war raging in Ukraine, political turmoil and division in many of the Western democracies, China threatening Taiwan, the fallout from Brexit, Covid and so the list goes on and on. Even in the weather we see things happening out of season. Life has a habit of not doing what we quite expect. Yet most people do not welcome change, we like things to be as they always were. I am sorry to have to disillusion you so early in my letter but that is not how things are, or probably ever were. We may pine for the good old days but generally change is for a reason if not always one for good. I have fond memories of my first car, a Morris Minor, in my mind it hardly ever broke down and when it did I generally could fix the problem. However I expect my memory may be playing tricks on me because my wife has reminded me of it breaking down on a number of inconvenient occasions and also about the times when I could not fix what was wrong. As humans we like certainty and many of us may think that in the past there were things we could rely upon and that didn't change.

Yet if we look at the world today although we see some changes for the good for example in medicine, transport or communications, these are often offset with events or 'improvements' which we may be less in favour of. So where might we find certainty? Where might we see change for the better? Well I expect some of you will have guessed. Firstly our families and friendships can provide us with both comfort, certainty and love. Of course as we grow older, our children inevitably grow up and become independent, friends may move away. But in those connections we can find joy and companionship. Equally if we help our neighbours or our community, there is in that giving of ourselves something that is bigger and better about our behaviour that will almost certainly give us a sense of connection and satisfaction. And then there is something that is very much bigger than ourselves namely our connection with the Divine. And this is not an advert to get you all coming to church because you can achieve this connection through meditation, prayer even by communing with nature on a long walk. We all need to feel we belong and God gives us exactly that. We are all part of a created humanity which when it is at its best is a force for good in the world.

So try not to feel too downhearted by the news headlines or the fact that you might feel that you are being left behind by cultural or technological change or simply that you are feeling a bit older and frailer. We are God's children and by helping each other we not only make the world a better place we also feel better about ourselves.

Every blessing

Richard

feel safer driving

Driver Refresher Day at Bishop's Frome on 22 July

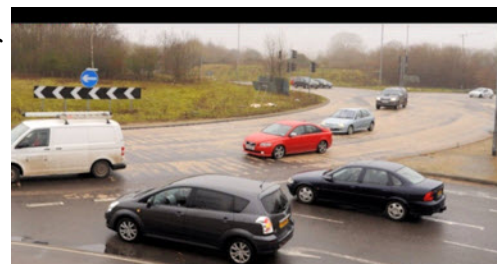

Herefordshire Advanced Drivers is holding a Driver Refresher Day at Bishops Frome Village Hall on 22nd July. The event is open to motorists of all ages and experience, the aim being to help attendees feel safer in today's traffic, more confident and reassured that their driving is of a good, safe standard.

The programme begins with an update on the rules of the road which is particularly important in view of the significant changes introduced through the Highway Code since early 2022. This is followed by a presentation and discussion of safer driving techniques before an observed drive with a qualified observer in the attendees own car. No testing is involved but the observer will advise gently about adjustments that will improve safety and vehicle performance. The day concludes with classroom analyses of accidents and other problems together with discussions about how they could have been avoided.

In recent years there have been many changes to the rules of the road including the widening of 20mph limits, the banning of some cars from inner cities and new rules contained in the Highway Code which introduced a hierarchy of road users with those most at risk of serious injury in the event of an accident (pedestrians) given the greatest priority. Importantly, in any crash involving a vulnerable group, the vehicle driver will be obliged to prove it was not their fault. All these matters will be discussed at the Refresher Day and related to local conditions.

The Refresher Day will begin at 9.45am although attendees are requested to arrive by 9.15am to register, check documents and complete a simple eye test. The final session will end at about 3.00pm. The cost is £30 with concessions for two or more. For further details and booking please contact Stella Boyd-Carpenter: 01432 840835 or email group-contact@advanced-drivers.org.uk

Herefordshire Advanced Motorists is the local affiliate of the Institute of Advanced Motorists, now named IAM RoadSmart, and is a charity dedicated to developing safer drivers of all ages in Herefordshire. They are an official provider of the Advanced Driver's Course.

Hilary's Nature Diary

Slow! slow worms may be ahead

Earlier this year, I unintentionally disturbed a slow worm just inside the churchyard. Its response to my untimely arrival was a sluggish, nonchalant unravelling of its gold-brown body and a gentle glide into the undergrowth. The colouring suggested a female. The churchyard offers plenty of shady, humid habitats enjoyed by this completely harmless, legless lizard, with sunny spots if it needs warmth.

If you have a problem with slugs and snails, this is the perfect pest controller – a welcome addition to any vegetable garden. I regularly see them in my nearby garden so perhaps this area is a slow worm hot spot.

Slow worms are protected by the Wildlife and Countryside Act so should not be disturbed – unless it is unintentional of course!

The Knitted Bible

Bodenham Church recently had an exhibition of the Knitted Bible. It was loaned from St George's URC Hartlepool and has been on a UK tour. It comprises of 36 knitted scenes from the Bible.

When the Knitters of St George's Church started knitting, the intention was to knit just "The Last Supper", but imagination and enthusiasm combined to make their dream more ambitious.

Some of the best scenes and stories have been depicted in knitted form. www.stgeorgesurc.co.uk/the-knitted-bible/

ST. MARY'S CHURCH MUCH COWARNE

We were pleased once again to be part of the "Fete at the Gate" held in the grounds of Burley Gate Primary School. Following on from the successful celebrations of last year's Platinum Jubilee the various parish organisations combined to produce a varied afternoon's entertainment in which the usual stalls and attractions found at the Much Cowarne Church Fete were included.

Despite the rain and wind of the morning the weather brightened up and the afternoon was increasingly bright. Contributions to the stalls were excellent and we are very grateful to all those who provided cakes, plants, bric a brac and tombola prizes and to those who manned the stalls in what began as a very chilly experience for those who were outside.

The sideshows were well supported and again very many thanks to those who manned them in the chilly conditions. We are also very grateful to those who helped set up the tents, stalls and sideshows and then helped dismantle everything after the event was over. Without help from these volunteers we would not have been able to run our part of the Fete.

Over £1000 was raised for church funds from our stalls and sideshows, money badly needed for the upkeep of our beautiful Church.

Our next event is the Hymns & Pimm's service in St Mary's Church on Saturday July 22nd – please see the advert for details of this service which is similar to that held as part of last year's Jubilee celebrations and to which everyone is welcome.

ROMYARD FOODBANK & MONEY ADVICE CENTRE

The Challenges and Rewards of Being a Trustee

It was [month] 2020, the height of the covid pandemic; I knew there was a Food Bank in Bromyard, but it took me ages to find out where it was. I wanted to help but initially everything went quiet after I finally made contact. Then I received a phone call to say 'yes please' we need you if you are still willing. This was the start of a journey to becoming a trustee of Bromyard Food Bank and Money Advice Centre (BFB&MAC).

Anyone can get into difficulties in their life and if you haven't got enough food to feed yourself, your family and your pets, life can be tough, and problems can pile up very quickly and overwhelm you. It was a privilege for me to be asked to help and support in a practical way what I consider to be a vital part of the community.

Working with a group of other committed local residents including representatives from the three churches together we established the Foodbank as an independent charity in December 2020 at which point, I became a Trustee.

The challenge was to make BF&MAC a viable and accountable organisation, easily accessible to local people in Bromyard and the surrounding rural villages. We needed a base from which to operate and to mobilise all the knowledge and expertise of the existing volunteers and supporters. Together we set up procedures and guidance to comply with the law and eventually moved to the Halo Centre in Bromyard where we are based. Much 'behind the scenes' work was done by the trustees and I was tasked with writing all the initial policies and procedures, not the most exciting task but rewarding as it meant we gained credibility, became more visible and accessible in the community and allowed us to focus our resources on the needs of the community, establishing the criteria to relieve poverty and help those in hardship. We also became a 'Talk Community Hub' providing access and signposting to local resources. We applied for grants and received government 'Covid' funding which has given us the opportunity to build a strong base, to connect to organisations and businesses in the area, employ two part-time workers and increase the support we provide.

Initially with the pandemic and subsequently, the 'Cost-of-Living' crisis, and fuel charges rocketing we knew that the provision of emergency food parcels and free debt advice were going to become even more important.

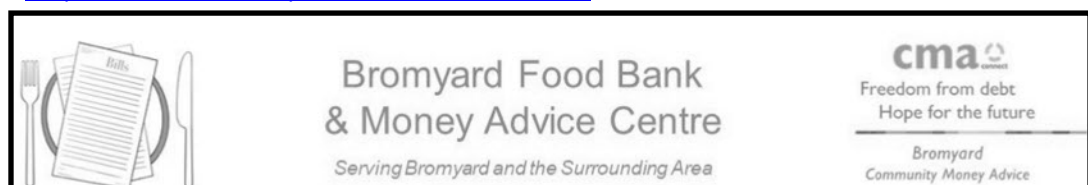

In the last 12 months we have distributed over 600 emergency food parcels, helping feed around 180 households. The Money Advice Team have helped over 50 families with a variety of money-related issues, including help in applying for grants and benefits. These are the rewards for all the hard work. I have great colleagues, have made good friends and together we are hopefully improving lives in our own local community.

Enquiries for help are made by email or phone; priorities are established, food parcels are packed and delivered by our fantastic volunteers according to individual needs (special diets, pets, allergies, single person household, young children etc) and financial advice given. Quietly we offer a confidential and a non-judgmental approach to our services.

But the challenges go on; will we have enough in donations? will we have enough volunteers? will we continue to receive grants and other support? will we have enough money to continue? As trustees we are responsible for steering the charity, fulfilling its aim and ensuring it remains viable for as long as it is needed. As one such trustee I remain as committed to this task as I was back when we started.

If you think you can help, please email: info@bfandmac.org.uk
or check out our website: <https://www.bromyardfoodbank.co.uk/>;

A Functioning Burley Gate Village Hall?

The hall looked most inviting with wine and nibbles waiting.....a circle of comfy chairs, an exhibition showing the history and the recent transformation of the rooms. Large poster-size sheets encouraged engagement to thoughtful questions on the future use of the hall and suggestions for film evenings. A big banner sported the Burley Gate Hub, an initiative starting Thursday July 27th and supported by the Council's Talk Community. Perhaps this might solve the dilemma of how we bring our scattered rural community together post-Covid. Ironically, there was a lovely photographic display of the successful events over the last year with the Craft Fair, Christmas Community lunch, the Queen's Platinum Jubilee, the King's Coronation. All demonstrated the fun, the enjoyment, participation and excellent support for these events. However, the initiative came from the village hall committee, especially Marilyn Pemberton (also Newsletter editor) and Janet Bartlett, and Paul Bartlett (as a helper).

The Village Hall is now short of a Cleaner as Carol is no longer able to continue. We thank her for her loyalty over many years and wish her well – but can anyone take over? We are also about to lose our Chairperson and quite honestly three people cannot continue to run the Village Hall with so little help. Surely it is strange to have a beautiful hall often unused and without volunteers?

The event 'Celebrate the past, plan for the future' took place on Tuesday evening 6th June. It was meant to encourage and invite you to come, to bring your ideas and 'yes' perhaps join the committee. Only three people came – despite good publicity – **A NON-FUNCTIONING HALL** is a real possibility. The hall is now a fantastic venue, which belongs to us all – be part of it by helping to maintain it and develop it for the future. It needs representatives from all our scattered villages and hamlets so it can function well and fairly serving the whole community.

June 2023

Hello everyone. I thought it might be helpful to provide a quick update on the recent political changes at the council, following the local elections in May.

There are 53 councillors on Herefordshire Council overall. The May election results were: 21 Conservative, 12 Lib Dem, 9 Green, 6 Independents for Herefordshire, 3 True Independents, 1 Labour, and 1 other. This means that the electorate didn't give any single party a majority.

Although the Green group, of which I am the leader, grew from 7 to 9, our former coalition partners, the Independents for Herefordshire, unfortunately lost many seats. We therefore worked very hard to try to form a new cross-party coalition – to be specific, we proposed a transition to a proportional committee system, with a transitional administration made up of all the political groups in proportion to their size. Unfortunately the Lib Dems would only agree to cooperate if they held all the cabinet positions – and that would clearly have been undemocratic. As a result, the Lib Dem votes at the full council meeting on 19 May ensured that a minority Conservative administration was formed.

This means I am no longer a cabinet member. Instead, I now am chairing the 'Connected Communities' Scrutiny Committee which focuses on the areas of Economy, Transport, and Planning. Scrutiny committees play an important role in holding the administration to account – scrutinising decision-making and looking at key issues in depth. There are many big projects and key initiatives ongoing in these areas – things like the £22m Towns Fund projects in Hereford, the £20m transport investment including the new Hereford transport hub; and the update of the Local Plan / Core Strategy, which sets planning policy for the county as a whole. So as chair of the relevant scrutiny committee I will be working with colleagues from all parties to keep a close eye on council decisions and implementation in these areas.

In the meantime I will continue my work as your local ward councillor! Please note that the dates for my ward surgeries have now changed, in order to avoid clashes with council meetings.

Surgeries will now be on the third Monday of every month (except August), in the same places, and again coordinating with the mobile post office:

- Cradley Village Hall, 11.30am to 1.00pm.
- Bishops Frome Village Centre, 2.00pm to 3.30pm

**Local Online Therapy
- with Dr David Best**

I provide local professional help for mental distress and difficulties, even more prevalent in these unusual times.

To have an experienced therapist to talk to, who has helped others in similar circumstances, can help to resolve the mental distress of a range of relationship and mental health issues.

This help is available either on-line or in person with appropriate social distancing.

Please look at web site;

www.localonlinetherapy.co.uk,

for information

and details of the services he offers, the approach he uses, and *how to contact me*.

In particular, he offers support for:

- Depression
- Couples therapy
- Relationship counselling
- Employment difficulties
- Parenting challenges
- Stress and Trauma
- Anxiety
